

No. 1294

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs, International Business, Trade and Energy of the Commonwealth of Dominica and has the honor to propose the following understanding between the Government of the United States of America and the Government of Dominica (hereinafter referred to individually as a “Participant” and collectively as “Participants”). The Embassy confirms, on behalf of the Government of the United States of America, that this Note supersedes the Embassy’s Note No. 1210, dated November 21, 2025, and Note No. 1290, dated December 12, 2025. Accordingly, the Embassy requests that the Ministry consider Note No. 1210, dated November 21, 2025, and Note No. 1290, dated December 12, 2025, withdrawn.

1. The Government of the United States of America intends, in appropriate circumstances, to propose that the Government of Dominica accept to receive from the United States to Dominica certain third-country nationals removed from the United States.

DIPLOMATIC NOTE

2. The Government of the United States of America may in its complete discretion propose to the Government of Dominica the receipt of such third-country nationals, and the Government of Dominica may in its complete discretion accept or decline such proposal in whole or in part.
3. The Government of the United States of America intends to inform the Government of Dominica of the criminal records of the third-country nationals proposed for removal from the United States to Dominica, to the extent permitted by law and to the extent known to the Government of the United States of America, at the time at which it first requests the Government of Dominica to accept a third-country national.
4. The Government of Dominica may inform the Government of the United States of America that it is declining to receive any third-country nationals based on the criminal records provided by the Government of the United States of America.
5. Further, the Government of the United States of America intends to provide the Government of Dominica with the medical histories of any third-country national proposed for removal from the United States to Dominica.
6. The Government of Dominica assures the Government of the United States of America that it intends to treat any third-country national transferred from the United States to Dominica in a manner that is in accordance with the Government

of Dominica's obligations under the Convention Relating to the Status of Refugees, done at Geneva on July 28, 1951; the Protocol Relating to the Status of Refugees, done at New York on January 31, 1967; the Convention against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, adopted in New York on December 10, 1984; any other international legal obligations; and the Constitution, laws, regulations, rules, and immigration and visa policies of the Government of Dominica.

7. Consistent with this intention, the Government of Dominica assures the Government of the United States of America that it would treat any third-country national(s) received from the United States by the Government of Dominica in a manner that is in accordance with its international legal obligations and that no such third-country national(s) accepted by Dominica would be subjected to persecution on account of race, religion, nationality, membership in a particular social group, or political opinion, or torture in Dominica or further transferred to any country in which they would be subjected to persecution on account of race, religion, nationality, membership in a particular social group, or political opinion, or torture.
8. The Participants intend to develop, to the extent appropriate, operating procedures to assist with implementing this Understanding. The Participants intend that the

operating procedures should specify what documentation should be provided by the Government of the United States of America to the Government of Dominica for each third-country national proposed by the Government of the United States of America for acceptance by the Government of Dominica. The Participants further intend for the operating procedures to address any financial contributions of the Government of the United States of America related to this Understanding and any arrangement of assistance for food, housing, and other related matters, in accordance with applicable law and regulation. The Government of Dominica does not intend to accept any transfer in the absence of reasonable arrangements for such assistance.

9. The Participants intend to consult to resolve any questions about interpretation or implementation of this Understanding.
10. Either Participant may discontinue its participation in this Understanding at any time but, in such case, intends to promptly provide written notice to the other Participant through diplomatic channels.
11. Nothing set forth in this Understanding is intended to be interpreted in such a way that commits the disbursement or allocation of funds by the Participants. All actions taken under this Understanding are subject to the availability of funds and the applicable laws and regulations of both Participants.

If this proposal is acceptable to the Government of Dominica, the Government of the United States of America proposes that this note, together with the affirmative reply from the Government of Dominica, would constitute an understanding between the two governments that would become effective upon the date of the Government of Dominica's reply note.

The Embassy of the United States of America avails itself of this opportunity to renew to the Ministry of Foreign Affairs, International Business, Trade and Energy of the Commonwealth of Dominica the assurances of its highest consideration.
